

(Your Name Here) and the Argonauts is a single player game of adventures and legends set in Greek mythology, created by Mike Arlington.

You can find the original game and rules free downloadable at
<https://www.boardgamegeek.com/boardgame/128568/your-name-here-and-argonauts>

I enjoyed the game so much that I decided to make a personal re-skin to the original cards with some artworks I found on the net, to better meet my taste and the fantasy/legend feelings I enjoyed during the game.

I made quite a poor photoshop job here, but hope this could help some of you enjoying the game as much as I did... :P
